

SECURITY

GatePass will revolutionize how you secure your clients and their assets.

Now your guards can focus on protecting your clients...

FOCUS

GatePass allows your guards focus on their core duty of offering protection. No more extensive paperwork and admin duty.

BETTER COMMUNICATION

GatePass ensures guards and the gatehouse are always within reach, with its dedicated community contacts database.

BENEFITS

ACCESS CONTROL

Only invited guests get in, with zero wait times. Restrict movement of domestic staff and vendors. Your guards don't have to leave anything to chance anymore.

EMERGENCY RESPONSE

The panic button feature allows you respond to resident emergencies promptly and appropriately by providing a platform for them to raise the alarm.
